From its streamlined shape and aerodynamic nose through to its bright and open interior, you can tell that every detail has been carefully thought out, and the original style and comfort has been further refined over the years to complete this unique fifth wheeler.

This layout was designed for those people who wish to travel but also still want to do some work on their travels. Overhead roller lockers above both desks cater for filing and windows with blinds and flyscreens open the office area up so you can enjoy the holiday surroundings.
